## EXPERIENCE

### **Lowe's Foods, Cary, Mills Park — Cashier**

June 2021 - October 2021

### **Coldwell Banker HPW, Holly Springs— Intern**

November 2022 - April 2023

Worked with spreadsheets and managed a Facebook group for people relocating to the area. I would help with any needed work and complete small tasks to improve the environment.

### **Goodberry's, Cary, Davis Drive — Crew**

June 2023 - August 2023

### **Appalachian State Campus Store, Boone, College St— Tech Sales Associate**

August 2023 - Present

Worked in the tech area of the campus store and answered any questions about the technology we sell. I would work with the customers to find what fits them best and sell them specific products.

## EDUCATION

### **Apex High School**

August 2019 - June 2023

Attended all 4 years of high school and participated in many clubs and activities. I was also a member of AOIT, where I learned many programming languages and tools.

### **Appalachian State University (B.S.)**

August 2023 - May 2027

Pursuing a computer science major, a statistics minor, and a sports analytics certificate. Currently maintaining a 3.82 GPA.

### **Wake Tech (Dual Enrollment)**

August 2022 - May 2023

Took classes offered with dual enrollment to gain college credit.

## SKILLS

Great problem solver

Works well in teams and independently

Excellent communication

Proficient in Microsoft Office/Google Drive

Fluent in Python, Java, SQL, R, and Git

## EXTRA-CURRICULARS

### **Key Club**

February 2021 - June 2023

### **Academy Of Information Technology**

August 2019 - June 2023

### **Student Yosef Club**

August 2023 - present

## Certifications

### **AOIT Graduate**

June 2023

## Projects

### **Football Analytics X Account @Matochalytics**

Analyzed, manipulated, and visualized interesting football data and posted the findings on the account
