EXPERIENCE

Lowe's Foods, Cary, Mills Park — *Cashier*

June 2021 - October 2021

Coldwell Banker HPW, Holly Springs — *Intern*

November 2022 - April 2023

Worked with spreadsheets and managed a Facebook group for people relocating to the area. I would help with any needed work and complete small tasks to improve the environment.

Goodberry's, Cary, Davis Drive — *Crew*

June 2023 - August 2023

Appalachian State Campus Store, Boone, College St — Tech *Sales Associate*

August 2023 - Present

Worked in the tech area of the campus store and answered any questions about the technology we sell. I would work with the customers to find what fits them best and sell them specific products.

EDUCATION

Apex High School

August 2019 - June 2023

Participated in many clubs and activities, including AOIT, where I learned many programming languages and tools.

Appalachian State University (B.S.)

August 2023 - May 2027

Pursuing a computer science major, a statistics minor, and a sports analytics certificate. Currently maintaining a 3.82 GPA.

Wake Tech (Dual Enrollment)

August 2022 - May 2023

Took classes offered with dual enrollment to gain college credit.

Certifications

August 2023 - present

Projects

Football Analytics X Account @Matochalytics

Analyzed and visualized football data and shared insights.

NFL Draft Rankings

Developed a player ranking system in R that uses season statistics and weighted formulas to calculate a total score, aiding draft evaluation.

NFL ARM Rankings

Created a data-driven model in R to rank NFL teams 0–10 using key performance metrics.
